RBH-M45-DNB SERIES

The RBH-M45 mullion mount reader reads 13.56mhz mifare or Desfire encrypted cards and tags for the highest level of security. These readers can also be ordered with Bluetooth and NFC capability for the ability to read RBH UHSC mobile credentials (available for free in the App store). The readers come standard with 50 bit wiegand output and can be ordered with 34 bit output for third party systems. For ultra secure installations readers can be ordered with OSDP1 & 2 capability. All readers are potted for indoor and outdoor use.
